EXPERIENCE

JUNIOR CHARACTER ARTIST

MAINFRAME STUDIOS *"Unnamed Project" - 2020 - Current*

- Sculpted human and animal characters from concept art provided
- Retopologized characters to a production-ready standard
- Modelled clothing items ensuring proper deformation is possible
- Worked closely with the rigging, surfacing, design and groom departments
- Modelled environment pieces and props from concept art provided

3D ARTIST/ANIMATOR

VFS "F.R.O.G." - Unity 5, 3D Physics Sandbox Game, Team of 5

- Developed the stylized art direction of the game
- Sculpted and retopologized the main character with animation in mind
- Unwrapped and textured main character using a combination of PBR and hand-painted techniques
- Modelled and textured all environmental assets
- Rigged and animated main character
- Created visual targets for all user interfaces

3D ARTIST

VFS "Horrible Heroes" - Unity 5, 3D Ragdoll Racer, Team of 5

- Developed the distinct, gradient-style art direction of the game
- Modelled main character with 4 colour variations
- Unwrapped and textured with efficiency and reusability in mind
- Modelled and textured all environmental assets
- Rigged main character
- Created visual targets for all user interfaces

3D ARTIST

"Ascendancy" - Unity 5, 3D Top Down RTS, Team of 12

- Sculpted various characters from concept art provided
- Retopologized various sculpts with optimization in mind
- Unwrapped and textured characters using a combination of PBR and hand-painted techniques
- Rigged various characters

SKILLS

Digital Sculpting
Organic Modelling
Hard Surface Modelling
Retopology
Animation
UV Mapping
Texturing
UI Design
Lighting
Graphic Design

SOFTWARE

Autodesk Maya
ZBrush
Adobe Photoshop
Unity 5
Substance Painter
Blender
Unreal Engine 4
Perforce

EDUCATION

Game Design, 2018-2019
Vancouver Film School
